

Home activity program

Add home activity experiences

- Bubble blowing
- Story time
- Obstacle course
- Easter craft

Families do activities with their children

Family feedback on home activities

- Families add comments that may include observations and feedback.
- Families may attach images of their child engaged in the activity

Journals

- Educators create a Journal, making this Family Activity the Experience Observed, sharing the comments and learning with all families.
 - Tick and comment on EYLF outcomes based on family comments.
- Create a sense of community by sharing photos that families shared in their feedback, in the journal.
 - Families may add comments to the Journals.

Educator response to family feedback

- Educators reply to family comments.
- May use this as an opportunity to continue engaging on an individual level with every child and every family.

Evaluate family activities

Plan home activities for the next week, linking back to journal/s from the current week as preceding observations.
